

Dear Praying Friends, it is exciting to be involved in the Lord's work. We try to hand out tracts everywhere we go. It was encouraging recently to see several people respond by reading the tract in its entirety and even approach us with questions. [Please pray that we will be effective in witnessing](#) and ultimately that we will be used of the Lord to lead souls to Christ while we are on deputation.

I have had the privilege of helping with some building projects along the way. It is always an encouragement when we are able to serve, whether by painting a building, constructing shelves, providing special music or cleaning the fellowship hall. We enjoy the many opportunities presented to us along the way.

In our last prayer letter, we asked that you would please pray with us that the Lord would give us 25% of our needed financial support by the end of January. We are thrilled to report that during this last month we had five new Churches take us on for support and had one other Church raise our support considerably. Our current support as of the end of January is over 25%. Thank you very much for your prayers. Jas 5:16b says "The effectual fervent prayer of a righteous man availeth much."

Please pray that this trip will be extremely fruitful.

This next month I have the very unique opportunity to travel to Guatemala and help establish a scripture distribution center there. People in Mexico and all across Central America desperately need the Word of God. If Guatemala had a scripture distribution center set up, national Pastors and missionaries could receive tracts, John and Romans booklets as well as whole Bibles, free of charge. [Please pray that this trip will be extremely fruitful.](#) In four days, we will need to coordinate with local Pastors and establish a shipping location, select someone to manage the center as well as find a shipping broker. With the Lord's guidance and grace, we will be able complete all of these items on this trip.

Your Missionaries to Mexico,
Chris King and Family
