

Thank you to all of you who are praying for us. We have been staying very busy on the deputation trail. We completed the last of Sydney's testing. The EEG and MRI results both came back clear. The doctor said that she is fine and that life can resume as normal. We are still not sure if she had a seizure or a stroke but we are very thankful that she is well.

We are traveling in an RV right now and we are so thankful that our Home Church gave to us so that we could purchase a used vehicle and a used car dolly to tow behind the RV. The Lord guided, and gave us a great deal on both. It is very helpful to have these tools available during deputation and we are extremely thankful to the people who gave for this cause.

We have run into some very difficult driving conditions along the way so please continue to pray for safety as we travel. We have had to make some small repairs to our RV. Please pray that these types of repairs will continue to be minimal. One such item was the converter/inverter on our RV. After we traveled to Great Falls, Montana we discovered that this piece of equipment had died. Without this, the electrical on our RV would not work properly. We went to a nearby RV dealership and they were able to make the repairs for very little expense due to the fact that there was another inverter in the RV that could be used. We are thankful for the trials along the deputation trail because they are helping us to learn to trust in the Lord in greater ways than ever before.

I was super excited to have the opportunity to help several times this month with various building needs. I had the privilege of performing some HVACR maintenance, door installation, and help with framing and electrical needs, to name a few. It is our hope that we can help out in any way possible while we are parked at these various Churches while on deputation.

We have met some wonderful people along the way. The opportunity to meet and fellowship with God's people continues to serve as a tremendous encouragement to us. I truly believe that God's people are the best people. If you are praying for us, remember that you are helping us in an extremely valuable way. Thank you again and God bless you.

Sincerely,
Chris King and family.
